

David Finlayson Sauvignon Blanc 2026

main variety Sauvignon Blanc

vintage 2026

analysis alc: 13.42 | ph: 3.20 | rs: 7.9 | ta: 6.1

type White

producer Edgebaston Vineyard | David Finlayson Wines

style Dry

winemaker David Finlayson

taste Fruity

wine of Stellenbosch

body Light

tasting notes

Green apple, flinty and tropical fruit flavours on the nose flow through onto the palate where crisp, clean acidity is met by a creamy midpalate. A softer and rounder version of Sauvignon Blanc than most modern day examples with more than a nod to the French style of the Loire.

blend information

100% Sauvignon Blanc

food suggestions

Ideal with seafood dishes and spicy summer salads.

in the vineyard

Soil Type: A variety of soil types, ranging from shale, loam to red gravel soils

Aspect of vineyards: N-S

Trellis system: 2 W Hedge

Irrigation: Drip

Altitude: 20-300m

Temperature: 7-33C

Rainfall: 600-700mm

about the harvest

Harvest dates: February 2026

Average Production: 6t/ha

All grapes were hand picked.

in the cellar

All grapes were pressed in a variety of methods including destemming-crushing and whole bunch and then fermented in batches in stainless steel tanks of 5000 litres. Cold fermentation with a variety of different yeasts (Vin7 and VL3) was followed by two months' maturation on the lees. Regular stirring of the lees allowed a creamy texture to develop in the wine. Fined with Vegan friendly products and filtered with crossflow before bottling under screwcap to ensure quality.
